

## ***Buildings & Grounds***

### *Purpose:*

To maintain a place of worship all parishioners can be proud of, is found appealing to potential members, and provides a receptive atmosphere to accomplish all the outreach and internal ministry visions of St. John's.

### *Committee Notes:*

Current members: Bill Vlassis, Tom Lynes, Jack Luxton, Ray Illka, Keith Birdsall, Berney Jones, and Marv Hoepner.

Special thanks to Tom Donaghy, Bill Vlassis, and Berney Jones for their continued commitment and for always being available when needs arise.

The Building and Grounds Committee meets as required, normally on Sundays at 9:00AM in the Church Library.

### *2009 Accomplishments:*

For a number of reasons, our Committee has been more reactive to maintaining the Building and Grounds than project oriented.

Examples are:

- roof repairs
- stained glass window protective glass replacement
- numerous routine maintenance needs
- and assisting in identifying options for Church handicap access

### *2010 Plans:*

- Energy conservation opportunities
- improve lighting
- continue to support Vision and "turn-around" projects and initiatives
- maintain readiness for stain-glass window restoration and painting required

Please contact a committee member above if you have any suggestions or comments regarding our Building and Grounds.

Faithfully submitted,

*Tom Lynes & Bill Vlassis,*  
Committee Co-Chairs.
